Here, you'll enjoy joyful afternoons with friends around the barbecue, peaceful mornings with coffee, and star-filled nights. Inside, comfort reigns. Central air conditioning, a money-saving split unit in the living room, and a wood-burning stove to warm your winters. Although located on a third floor without an elevator, every step is worth the peace and privacy of this closed residential complex. You'll also have your own private parking space in the basement – secure and easy to access. Just steps away, you have everything you need: health center, nursery, pharmacy, and essential shops.
