**LOCATION:** La Malagueta is one of Málaga's most desirable areas due to its unique combination of location, amenities, and lifestyle. Situated by the sea, just minutes from the historic center and with direct access to the beach, it offers a privileged setting for both residents and investors. Its excellent connectivity to the airport, international schools, hospitals, shops, and cultural areas such as Muelle Uno and the Centre Pompidou make it a practical and attractive location. Furthermore, its high residential demand and limited housing availability ensure solid appreciation in value over the medium and long term, positioning it as a safe bet for both living and investing. The property is connected to major shops, such as supermarkets (Mercadona, Carrefour Express, Supersol, Covirán, etc.), pharmacies, hospitals, such as the Quirón-Salud Medical Center less than 100m away, gyms, fruit stores, etc. As well as international schools such as the British School of Málaga 12 minutes by car, the French Lycée the same distance away, as well as subsidized schools, such as the Maristas 6 minutes away and the Esclavas, 10 minutes away on foot.
